

PsycINFO Research Services Topic Mapper

Topic Mapper Tutorial

Step 1: Click Book Title

The screenshot displays the Topic Mapper interface. At the top, a search bar contains the text "APA Handbook of Trauma Psychology". Below the search bar are several interactive elements: a button labeled "ANALYZE & FILTER" with a filter icon, a button labeled "SORT" with a dropdown arrow, and a green button labeled "Filters applied" with a filter icon. Below these elements are two search results. The first result is highlighted with a red border and a red arrow pointing to it from the "Step 1" text. This result is for the book "APA handbook of trauma psychology: Trauma practice, Vol. 2" by Gold, Steven N. (Ed), published in 2017. Below the title are buttons for "+ SHOW ABSTRACT" and "EXPLORE TABLE OF CONTENTS". The second result is for "APA handbook of trauma psychology: Foundations in knowledge, Vol. 1" by Gold, Steven N. (Ed), published in 2017, with similar buttons for abstract and table of contents.

To access “Topic Mapper” first click on the title of the book you have searched.

Selecting the Legend

Click the 3rd box from the top to access the legend.

To select the Legend, click the 3rd box from the top. The icon has lines with bullet points.

The screenshot shows the APA PsycInfo search results page for the term 'Trauma'. A legend overlay is positioned in the center, listing five categories: Document (dark blue square), Index Terms (light blue square), Broader Terms (pink square), Narrower Terms (teal square), and Related Terms (yellow square). A red dashed arrow points from the legend to the search results. A red box in the top right corner contains the text 'Step 6: View Legend'. A white tip box on the left contains the text: 'Tip: Filtering results based on the legend can help you focus on specific areas of interest, or related concepts, as it highlights relationships between topics.' The search results page shows a list of related terms with article counts: Trauma Treatment (496 Articles), Cognitive Processing Therapy (360 Articles), Prolonged Exposure Therapy (234 Articles), Trauma Measures (202 Articles), Birth Trauma (334 Articles), Complex Trauma (326 Articles), Intergenerational Trauma (316 Articles), and Traumatic Loss (277 Articles). There are also buttons for 'LOAD MORE' and 'SHOW ABSTRACT'.

Tip: Filtering results based on the legend can help you focus on specific areas of interest, or related concepts, as it highlights relationships between topics.
